SEQ timber bridge project
Scheduled works – August

Queensland Rail is replacing a series of rail bridges on the Ipswich to Rosewood line, in South East Queensland. Under this program, ageing timber bridges will be replaced with steel and concrete structures to improve reliability, operational safety and efficiency of services on the rail corridor.

Upcoming activities for this project include the mobilisation of a piling rig at Guilfoyles Gully to facilitate construction activities.

Overview of work

<table>
<thead>
<tr>
<th>Location</th>
<th>Dates and hours of work</th>
<th>Type of work</th>
</tr>
</thead>
</table>
| Karrabin-Rosewood Road, Guilfoyles Gully rail bridge | • 18 August – 1 September 2015  
  • 7am to 5pm Monday to Friday | • Bored piling works – use of heavy, loud machinery  
  • Importing of clean rock – use of heavy machinery  
  • Vehicle movements and reversing beepers |

This work involves the use of heavy, loud machinery to facilitate the construction of the piling platform in preparation for the bridge replacement.

Access to site will be from Karrabin-Rosewood Road. Traffic management will be in place for the safety of motorists and pedestrians.

Nearby residents may experience some noise from truck movements and construction activities.

Queensland Rail is aware that such operations may cause temporary inconvenience to our valued neighbours. Every effort will be made to carry out these works with minimal disruption.

Queensland Rail apologises for any inconvenience and thanks the local community for their cooperation during these important works.
