

Rail grinding notice

Roma Street to Milton and South Brisbane

As part of an ongoing maintenance program, Queensland Rail will carry out rail grinding between **Roma Street to Milton and South Brisbane stations**. Works will be carried out between **8pm and 5am the next day, on Friday 3 and Saturday 4 May**.

The rail grinding machine, or grinder, removes track irregularities to improve safety and provide a smoother journey for our customers.

Residents near the rail corridor may be exposed to loud noise for short periods. The grinder works at night when the trains are not running, moving progressively along the track working on a particular section for up to 20 minutes.

Queensland Rail will make every effort to carry out these works with respect for our valued neighbours and we apologise for any inconvenience.

Dates, times and locations may change due to weather conditions and operational requirements.

For more information call **13 16 17** (business hours) or email customerfeedback@qr.com.au
