DON'T TUNE OUT TO RAIL SAFETY

When you're listening to music, using a smartphone, or just talking to someone near a train platform, you may be distracted and miss the important signs and signals that keep you safe.

Remember to keep these things in mind when catching a train or crossing the tracks:

1. Always be alert
2. Avoid distractions
3. Follow all signs and signals – on and around the platform
4. Be prepared for the unexpected
5. Stand behind the yellow line
