

Policy statement

Procurement

Our Commitment

Queensland Rail commits to purchasing required goods and services in accordance with the Queensland Procurement Policy and to:

- extract the best commercial value from procurement transactions;
- effectively manage risk; and
- ensure probity, transparency and accountability for outcomes.

In applying this Policy, Queensland Rail will use its best endeavours to support the objectives of the State and the interests of the people of Queensland.

What we will do

To deliver on our commitments, Queensland Rail will:

- provide a common framework under which all strategic and operational purchasing is undertaken;
- seek to achieve the best value outcomes;
- develop and maintain a supply base that reliably delivers goods and services through sustainable supply chain arrangements;
- undertake procurement activities with integrity; and
- seek to apply the most efficient practices and technology-based solutions to encourage suppliers to do business with Queensland Rail.
