Policy statement

Risk Management

Our Commitment

Queensland Rail is committed to effectively managing risk. This is achieved through compliance with legislation, alignment to our objectives, and integration with strategies and performance. It is embedded in our planning, change management, safety, project and program management, innovation, business continuity and good governance systems.

Risk management is an essential component of organisational responsibility and accountability to achieve Queensland Rail's vision.

What we will do

To deliver effective risk management outcomes to support the achievement of Queensland Rail's objectives, we will apply the Risk Management Principles from ISO 31000. Where risk management will:

- create and protect value
- be an integral part of organisational processes
- be part of decision making
- explicitly address uncertainty
- be systematic, structured and timely
- be based on the best available information
- be tailored
- · take into account human and cultural factors
- be transparent and inclusive
- be dynamic, iterative and responsive to change; and
- facilitate the continual improvement of Queensland Rail.

Kat Stapleton Chief Executive Officer

1 Responsibilities

The following establishes the broad accountabilities and responsibilities of the key internal stakeholders applicable to this Policy.

1.1 Who does what?

pursuit of opportunities aligned with its vision and values in an ethical and responsible manner. The Board will determine Queensland Rail's enterprise rappetite and evaluate the reported risks reaching the defined enterprise risk tolerance level. Audit & Risk Committee (A&RC) The A&RC has responsibility for ensuring the integrity of the financial reporting process, the risk management system, internal reporting and controls, oversity of strategic and major financial and operational risks and the external audit process based on sound principles of accountability, transparency and responsibility. Chief Executive Officer (CEO) The CEO leads Queensland Rail's implementation of and compliance with this Policy, by: • communicating Queensland Rail's vision, and the importance of the Politic all Queensland Rail employees, and • responding to recommendations made when this Policy is reviewed, to ensure the Policy remains up to date and relevant to Queensland Rail. Executive Risk Committee (ERC) The Purpose of the ERC is to ensure that Queensland Rail governance standards with regard to Risk Management are maintained across the organisation by: • encouraging enterprise-wide application of risk management as an integrant of corporate governance, planning, reporting and assurance processes; • providing strategic input into the development, implementation and evaluation of risk programs that support the implementation of Queensla Rail's Enterprise Risk Management Framework, and • assisting in the monitoring of systemic risk reporting, escalating risk issu and continuous improvement opportunities to the Audit & Risk Committee (ARC).
