Protection Officer Charge using 3rd party PO's

If Queensland Rail does not have a Protection Officer available for duty on the ODRL movement date, then we will endeavour to seek the services of a Third-party Operator Track Protection Officer.

Third Party Protection Officer Providers quote an hourly rate subject to higher rates for evenings, weekends and public holidays. Travel time and incidental costs such as travel and living expense may be quoted in addition to the hourly labour rate.

If the cost of using a third-party provider is greater than Queensland Rail's Fees and Charges, then the ODRL co-ordinator will advise the customer and seek their approval to proceed.
